DEW
THE COMPLETE ENERGY JOURNAL
UGC APPROVED IN PUBLICATION SINCE 1989

**GEO SCIENCE
CORE OF E&P**

**SPECIAL ISSUE
GEO India 2018
INTERNATIONAL GEO-SCIENTISTS FORUM**

- ▶ Geo-sciences are forerunner to the entire E&P Process — **MD, ONGC Videsh**
- ▶ De-risking through Intellectual due diligence key to success — **Director(E), ONGC**
- ▶ GEO India is a place for sharing knowledge — **Director(E&D), OIL**
- ▶ GEO India a showcase of futuristic technology, techniques & tools — **President, APG-I**

SATYAM PRIYADARSHY
The Guru of AI, Big Data Analytics talks to DEW

VP JOY
new DG, DGH share views

P. MOHAPATRA
Director (E), Cairn shares exploration outlook and opportunities with DEW

DEW journal published MONTHLY by Technology Publications since 1989 is an internationally circulated journal focusing on energy, oil & gas, refinery & petrochemicals, engineering, renewable, marine & shipping, machine & tools and HR & training and finance. DEW Journal has Three Supplements published periodically over the year on HR, Marine & Shipping and Machine & Tools.

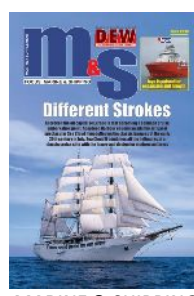

UGC-India approved

DEW JOURNAL AVAILABLE IN PRINT & ONLINE EDITION

HUMAN RESOURCES

MARINE & SHIPPING

MACHINE & TOOLS

DECEMBER 2018

Focus Areas:

- Food Grade & Radiation resistant lubricants
- Supply chain management in oil and gas
- Bio Fuels & Industrial Lubricants
- HPHT, Geosciences, Petroleum Geophysics

Regular distribution plus additional distribution at the following event(s):

- The Future Energy Asia Conference & Exhibition, Bangkok, Thailand

JANUARY 2019

Focus Areas:

- High temperature lubricants and greases for offshore operations.
- Offshore Oil & Gas Technology and Facilities, Oil Spill preparedness
- Drilling Technology and Oilfield Chemicals
- Safety instrumentations

Regular distribution plus additional distribution at the following event(s):

- NLGI – Fuels and Lubricants Conference, India
- PETROTECH 2019 - 13th International Oil & Gas Conference and Exhibition, India

FEBRUARY 2019

Focus Areas:

- IOR, EOR, Hydraulic Fracturing, Drilling Technology, Oilfield Chemicals and Flow Assurance Solutions.
- Innovative Energy Solutions and Changing Energy mix.
- Key oil & gas industry trends and outlook.
- Impact of digitalisation in Energy and Oil & Gas/AI/Data Science

Regular distribution plus additional distribution at the following event(s):

- The Second World Petroleum Council Leadership Conference, Mumbai, India

MARCH 2019

Focus Areas:

- Unconventional Resources and Renewable energy.
- City Gas Distribution, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates
- FPSO, Deepwater Drilling Rigs and Construction Technology
- Simulation, Software and IT solutions for oil and gas industry

Regular distribution plus additional distribution at the following event(s):

- LNG 2019 – 19th International Conference & Exhibition on Liquefied Natural Gas, Shanghai, China

APRIL 2019

Focus Areas:

- Geoscience Software, IT solutions for oil and gas industry; Petroleum Geochemistry and Deepwater Exploration
- Marine technology solutions; Subsea and Deepwater technology
- IOR/EOR, Drilling Fluids and Cementation
- Drilling Bit technology and equipments

MAY 2019

Focus Areas:

- Metallurgy; Corrosion resistance tubing, hydraulic lines and drilling risers.
- Natural Gas, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates.
- Asset Integrity Maintenance and Energy Infrastructure Management
- AI and Big Data Science.

Regular distribution plus additional distribution at the following event(s):

- The Oil and Gas Asia (OGA) 2019, Kuala Lumpur, Malaysia

JUNE 2019

Focus Areas:

- Bio Fuels & Lubricants, Unconventional Oil & Gas and Wind Energy
- Emerging Trends in oil & gas exploration and refining technology
- Oilfield Automation; Industrial IoT, Cloud Computing & Cyber Security.
- HSE Management

Regular distribution plus additional distribution at the following event(s):

- The 20th Asia Oil & Gas Conference (AOGC), Kuala Lumpur, Malaysia

JULY 2019

Focus Areas:

- Lubricants for oil industry, Bio-degradable lubricants.
- Big Data Analytics
- Offshore Engineering, Reservoir Engineering, Well Engineering and Well Maintenance
- E&P, IOR, EOR, Hydraulic Fracturing, Artificial Lift, Well Stimulation, Well Testing

AUGUST 2019

Focus Areas:

- Oil field chemical & lubricants; Critical Power Control Systems and Instrumentation.
- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Offshore Facilities Construction & Design. Offshore Logistics
- Unconventional Resources, Renewable energy and HSE.

SEPTEMBER 2019

Focus Areas:

- Refining and Petrochemicals Technology ; Industrial lubricants and greases.
- EPC and Infrastructure Management, Welding trends and technology.
- IT-OT for Flow and Gas measurement, Valves, Fittings and LPG
- LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates.

OCTOBER 2019

Focus Areas:

- Digital Oil Fields, Artificial Intelligence, Cyber Security
- Petroleum Geosciences/Technology/Products; Deepwater Exploration & Production; Offshore Engineering.
- Energy efficient Fuels & Lubricants
- Industrial Control Systems, Industrial Automation, Process Safety and Future Mobility (Evs)

Regular distribution plus additional distribution at the following event(s):

- Asia Petroleum Asia Petroleum Geoscience Conference & Exhibition (APGCE) 2019, Kuala Lumpur Malaysia

NOVEMBER 2019

Focus Areas:

- Drilling Bit Technology; Drilling and Offshore Oil & Gas Technology and Services
- Refining and Petrochemicals Technology ; Bio fuels, lubricants and greases.
- Pipeline Integrity, safety management and Instrumentation & Control Systems
- Offshore support vessels, helicopters in oil and gas industry.

DECEMBER 2019

Focus Areas:

- Reservoir Management, Geo-mechanics & Modelling. MWD/LWD
- Petroleum Geosciences. G&G Services/Technology/Products
- Toxic gas management in Refineries and upstream operations, Risk Management.
- Remote Sensing in oil & gas exploration and Role of GIS.

JANUARY 2020

Focus Areas:

- Arctic vessels. Helicopters in oil industry
- Alternative Energy, Bio fuel Technology and Agri oils, lubricants & greases.
- Tribology & Energy Conservation
- Industrial Rubber oil tools; Automation in Oil and Gas industry

Regular distribution plus additional distribution at the following event(s):

- NLGI – Fuels and Lubricants Conference, India

FEBRUARY 2020

Focus Areas:

- Pipeline Technology; Pipeline Integrity Services and Nano Technology.
- Artificial Lift, Asset Integrity and Subsea operations
- Offshore Engineering and Simulation solutions for oil and gas; Infrastructure management
- Software and IT solutions for oil and gas industry

Regular distribution plus additional distribution at the following event(s):

- Offshore Technology Conference (OTC) Asia, Kuala Lumpur, Malaysia

MARCH 2020

Focus Areas:

- Oil field chemical & lubricants; Critical Power Control Systems and Instrumentation.
- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Remote Sensing and Drones in Oil & Gas industry
- Unconventional Resources, Renewable energy and HSE.

** Editorial Calendar is periodically reviewed, updated and is subject to change without prior notice.*

Note:

- Please note, editorial features and events listing are subject to change. Check from info@dewjournal.com for information regarding editorials and additional distribution of DEW Journal.
- Deadline is 20th day of each month
- The text of all editorials/advertorials may be sent in WORD format while photos/figures/images in high resolution in JPEG or pdf format.
- Editorial/advertorial contributions for publication are subject approval by the Editor.
- Editorials/advertorials and inquiries related to editorial contributions/press releases/technical papers may be sent to the Chief Editor, at info@dewjournal.com or dewjournalindia@gmail.com
