

Editorial Calendar – DEW Journal

JANUARY 2021

Focus Areas:

- Software and IT solutions for oil and gas industry
- Alternative Energy, Bio fuel Technology and Agri oils, lubricants & greases.
- Tribology & Energy Conservation
- Industrial Rubber oil tools; Automation in Oil and Gas industry

Cover focus : Women in Energy, O&G, Engineering and Academia

FEBRUARY 2021

Focus Areas:

- Arctic vessels. Shipping & Maritime ; Future vessels, solutions and technology.
- Petroleum Geosciences. G&G Services/Technology/Products
- Artificial Lift, Asset Integrity and Subsea operations
- Renewable Energy; Infrastructure management

Cover focus : Energy Outlook

MARCH 2021

Focus Areas:

- Oil field chemical & lubricants; Critical Power Control Systems and Instrumentation.
- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Decarbonisation – O&G and Shipping & Maritime
- Remote Sensing and Role of GIS.

APRIL 2021

Focus Areas:

- Geoscience, IT solutions for oil and gas industry; Petroleum Geochemistry and Deepwater Exploration
- Marine technology solutions; Subsea and Deepwater technology
- IOR/EOR, Drilling Fluids and Cementation
- Finance and Project Management

Cover focus : Finance/Project Management

MAY 2021

Focus Areas:

- Metallurgy; Corrosion resistance tubing, hydraulic lines and drilling risers.
- Natural Gas, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates.
- Asset Integrity Maintenance and Energy Infrastructure Management
- AI and Big Data Science.

Cover focus : Natural Gas

JUNE 2021

Focus Areas:

- Bio Fuels & Lubricants, Unconventional Oil & Gas and Wind Energy
- Emerging Trends in oil & gas exploration and refining technology
- Oilfield Automation; Industrial IoT, Cloud Computing & Cyber Security.
- HSE Management ; Unconventional Resources, Renewable energy and HSE.

Cover focus : Greases for engineering industry

JULY 2021

Focus Areas:

- Lubricants for oil industry, Bio-degradable lubricants.
- IOR, EOR, Hydraulic Fracturing, Drilling Technology, Oilfield Chemicals and Flow Assurance Solutions.
- Key oil & gas industry trends and outlook.
- Impact of digitalisation in Energy and Oil & Gas/AI/Data Science

Cover focus : Personality of the Year

AUGUST 2021

Focus Areas:

- Innovation in HR and PR practices for effective information dissemination - Energy and O&G Industry
- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Offshore Facilities Construction & Design. Offshore Logistics
- Unconventional Resources, Renewable energy and HSE.

Cover focus : HR/PR Personalities

SEPTEMBER 2021

Focus Areas:

- Refining and Petrochemicals Technology ; Industrial lubricants and greases.
- EPC and Infrastructure Management, Welding trends and technology.
- IT-OT for Flow and Gas measurement, Valves, Fittings and LPG
- LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates.

Regular distribution plus additional distribution at the following event(:

- Gastech 2021 Conference & Exhibition, Singapore

OCTOBER 2021

Focus Areas:

- Digital Oil Fields, Artificial Intelligence, Cyber Security
- Petroleum Geosciences/Technology/Products; Deepwater E&P; Offshore Engineering.
- Energy efficient Fuels & Lubricants
- Industrial Control Systems, Industrial Automation, Process Safety and Future Mobility

Cover focus : Fuels, Lubricants and Greases

NOVEMBER 2021

Focus Areas:

- Drilling Bit Technology; Drilling and Offshore Oil & Gas Technology and Services
- Refining and Petrochemicals Technology ; Bio fuels, lubricants and greases.
- Pipeline Integrity, safety management and Instrumentation & Control Systems
- Offshore support vessels, helicopters in oil and gas industry.

DECEMBER 2021

Focus Areas:

- Shipping & Maritime
- Alternative Energy, Bio fuel Technology and Agri oils, lubricants & greases.
- Tribology & Energy Conservation
- Industrial Rubber oil tools; Automation in Oil and Gas industry

Cover focus : Shipping & Maritime

JANUARY 2022

Focus Areas:

- Unconventional Resources and Renewable energy.
- City Gas Distribution, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates
- FPSO, Deepwater Drilling Rigs and Construction Technology
- Simulation, Software and IT solutions for oil and gas industry

Cover focus : Women in Energy, O&G, Engineering and Academia

Note:

***Editorial Calendar is periodically reviewed, updated and is subject to change without prior notice.**

- Please note, editorial features and events listing are subject to change. Check from info@dewjournal.com for information regarding editorials and Cover focus of DEW Journal.
 - Deadline is 20th day of each month
 - The text of all editorials/advertorials may be sent in WORD format while photos/figures/images in high resolution in JPEG or pdf format.
 - Editorial/advertorial contributions for publication are subject approval by the Editor.
 - Editorials/advertorials and inquiries related to editorial contributions/press releases/technical papers may be sent to the Chief Editor, at info@dewjournal.com or dewjournalindia@gmail.com
-
